

DIABETES

SELF-MANAGEMENT EDUCATION & SUPPORT

Simple lifestyle changes can help reduce the impact of type 2 diabetes symptoms on daily life.

OWN's Diabetes Self-Management Education and Support (DSMES) program provides information and skills for people to manage their diabetes and related conditions.

This program combines the group workshops for diabetes self-management (Living Well with Diabetes) and an opportunity to meet one-on-one with a registered dietician (Medical Nutrition Therapy) or a diabetes educator.

Get wellness support for a full 6 weeks

Benefit from group and individual sessions

This program is covered by both Medicare and Medicaid in Oregon.

Call (833) 673-9355 to learn more.

This program is available in English and Spanish, and is accredited by the Association of Diabetes Care and Education Specialists (ADCES).
